If they were smart they would have left the moment bowser started this nonsense months ago during the drug head's nonsense. Any that are left know full well what they are doing and as such get what they deserve. There will be a few cuckservatives that listen to them, but hopefully enough of us have spines to tell them to fuck off and be ready to back that up.

Ignore this "sign". If you're able to and bored replace it with a wrap of the constitution but otherwise this is just noise.

Be very ready. See how they manage to enforce the law against an army of a hundred thousand all fully equipped.

It only takes one to resist, say not and defend themselves for the rest to all take to the front line.

The more that bring their weapons the less enforceable this is. Don't let them enforce it even once.

When it comes to the 2nd amendment, shoot anyone who resists.

Edit:

Someone points out this may be in the passage of POTUS. In that case maintain a distance as he has his own fireteam.

Well it's very simple you're out having a stroll in the city minding your own business when a bunch of thugs run up and try to take your arms then you Kyle Rittenhouse them. Or you see that happening to your people. Then you Kyle Rittenhouse them.

It will be difficult for them because if they return fire they will be shooting into a crowd of unarmed civilians.

Most people traveling to DC will be via a motor vehicle.

You drive in and get dropped off via taxi or uber when you see others. Put the rifle in a bag. If you're bringing an AR, disconnect the upper and lower and put them in a suitcase.

If you refuse to do that, then concealed carry and be prepared to defend others who are open carrying. At that time, shit already likely hit the fan. If you're a lamb, you might as well sharpen your teeth just in case.

It is mis-interpreted when the oppressed are consumed with a moral dichotomy of killing another human that is, effectively, the oppressor (even if "I'm doing muh job"). This conundrum is applicable from the simplest home defense situation all the way up to the political shitshow we now find ourselves in. As I grow in my God given right to self defense and protection I also consider what it is I may do to another life no matter how vile the human is. If it wasn't so hard for good people to do bad things when necessary, then I bet - ironically, shit would be a lot saner than it is.

2A is supposed to outrank any city ordinance, but good luck using that as a defense in a court of law.

If I lived in dc, I'd take one of those signs and keep it in my wallet to show its legal to carry a gun in dc any date outside of that sign...

If I lived in dc, I'd take one of those signs and keep it in my wallet to show its legal to carry a gun in dc any date outside of that sign.

Except the sign says nothing about it being legal to carry a gun outside of the dates specified on the sign.

Edited to include the user name was Alaskan (for when he deletes it)

If it has to specify it's illegal on THOSE days, that's implying it is legal in every other day.

When a sign says no parking from 6pm-6am, what does that mean??? It means you can park there any other time. Are you an idiot or just like pointlessly arguing cuz you're bored? Do something useful please.

LOL, son, I'm former LEO and you're a moron latrine lawyer if you truly believe the bullshit you're trying to put forth as fact. Hell, someone in this very thread posted a link to DC laws on firearms. Educate yourself before you look like more of a retard. I really can't believe your logic.

I'm going to edit my previous posts to make sure it includes your special ed take on how laws work. You're priceless. don't change!

just so we're clear open carry is illegal there and concealed carry requires a license issued by metro police. there's no reciprocity with other states. areas like this are only to enhance the penalties if you're caught. hats how it always is... research before you stroll through the hotel lobby with your m16.. or don't and I'll thank you later. just providing some info
